# Carroll Dies; Legacy and Lyrics Live on

One of my favorite music blogs (although based in LA) did this story on the death of the legendary Jim Carroll. Although he was mainly known for his involvement in the *Basketball Diaries*, what many didn't know, which this article exploits, is that his involvement with poetry writing and lyricism made a heavier impact on many. Carroll lived his later life in NYC, and the city as I know it has lost an incredibly innovative and talented mind. His influence on music may have been under the radar, but it's not going anywhere.
